

DM-677

10 December 1958

DEPUTIES MEETING

Present: Mr. Dulles, General Cabell (part of meeting), Colonel White,  
Mr. Sheldon,  
Kirkpatrick, Dr. Kent,

MR. DULLES:

a. Noted he had an interesting conversation on 9 December with  
[redacted] and commented he was surprised to learn that neither  
[redacted] had been scheduled to talk to OCI during their TDY  
at Headquarters. The Director said that in the future he desires  
that officers returning to Headquarters on TDY, home leave, PCS, etc.,  
be made available to the intelligence side of the house in order that  
OCI and others can take advantage of receiving first-hand reports on  
the areas represented by these returnees. [redacted] commented that  
this can be very easily arranged by sending to AD/CI and AD/NE copies  
of the schedules for returnees now prepared for the Director will  
undertake to do so. The Director also asked [redacted] to furnish  
his (DCI) copy of the schedule to [redacted] and the IG.

b. Noted a cable from [redacted] respecting [redacted]  
[redacted] accompanying the President of [redacted] during his visit to  
the United States and asked DD/P to make it clear to Hugh Cumming in  
State that this invitation was purely gratuitous on the part of the  
President and the Agency did not generate it in any form, shape, or  
manner.

COLONEL WHITE:

Noted that the White House phones had been installed in the homes  
of the members of USIB and asked whether the Director had committed  
the Agency to pay for the installation of these phones and the \$14  
monthly rental thereon. The Director said he had not and assumed that  
the individual members of USIB would bear these expenses. He com-  
mented, however, if there were any particular hassle over this matter,  
we would go ahead and pay for the installations and rental charges.
